SPRING-ACTIVATED BLADE SAFETY

- Engages as cutting begins
- Automatically retracts when cutting is paused or stopped
- **Cannot be overridden**, even when slider is active
- 90° blade **reduces risk of punctures**

DURABLE ABS HANDLE

- **Aluminum nose** reduces handle wear-and-tear
- **Oversized, textured slider** for easy activation
- **Large slide** accommodates most hand sizes
- Simple blade flip for **right- or left-handed use**

EASY TO USE

- Simple tool-free blade change
- Tethering loop for storage

Spring-loaded blade automatically retracts when lifted from cutting surface
